EXECUTIVE PROPOSITION

Protection Built Around Your World

One accountable partner for security-sensitive environments.

ORION Executive Security Solutions helps private, corporate and institutional clients protect people, property, information and operations. We combine professional personnel, disciplined planning, investigative expertise and technology-supported oversight to address each assignment as a complete risk problem - not a collection of disconnected services.

THE ORION PROMISE

We bring protection, intelligence and action together so clients can operate with greater confidence.

WHAT CLIENTS GAIN

Reduced exposure Risk-based planning focused on threats, vulnerabilities and practical controls.	**Clear accountability** A coordinated service model with one partner responsible for delivery.
Better decisions Verified information and concise reporting that support defensible action.	**Operational confidence** Responsive capability for routine, sensitive and time-critical assignments.

Our services are tailored to the client, the operating environment and the actual risk profile. Scope, authority, confidentiality controls and reporting expectations are agreed before deployment.

COMPANY OVERVIEW

Professional By Design

Proactive By Nature

A disciplined operating philosophy built on judgement, discretion and fit-for-purpose execution.

Our mission To be a trusted security and investigations partner, delivering professional, discreet and effective solutions while adapting to the changing security and risk landscape.	**Our promise** Client-specific solutions, controlled information handling and results-driven delivery shaped around the assignment.

HOW WE OPERATE

Client focused Every assignment begins with the client objective.	**Risk based** Controls are proportionate to the assessed exposure.	**Technology supported** Systems strengthen visibility, evidence and response.
Ethically delivered Professional conduct and lawful authority guide the work.	**Discreet** Sensitive information is controlled throughout the assignment.	**Adaptable** Teams and methods scale to the operating environment.

PROTECTIVE SERVICES

Professional Protection Without Unnecessary Disruption

Low-profile or visible security configured around the principal, site, itinerary and threat context.

Executive Protection Planning and close-protection support for executives and business leaders.	**VIP Protection** Discreet security for high-profile, exposed or at-risk individuals.
Residential Security Visible and discreet protection for private residences and estates.	**Armed & Unarmed Officers** Personnel assigned according to the site, duty and assessed risk.
Event Security Access oversight, protective presence and operational coordination.	**Secure Transport** Controlled movement of people and personal or business assets.

The deployment model is agreed in advance and may include advance planning, access protocols, movement coordination, communication procedures and escalation arrangements.

INVESTIGATIONS & VERIFICATION

Evidence-Led Insight For Confident Decisions

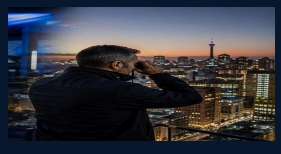

Confidential fact-finding and proportionate screening, conducted with regard for applicable law.

Corporate Investigations Fact-finding support for complex business matters, misconduct and internal concerns.	**Fraud & Workplace Theft** Structured enquiries into suspected fraud, loss, theft and related misconduct.
Missing Persons & Asset Tracing Information-led tracing and investigation support.	**Private Client Matters** Discreet investigative assistance for sensitive personal concerns.
Employee & Identity Verification Verification of information supplied for employment or engagement decisions.	**Commercial Due Diligence** Risk-focused review of companies, directors, shareholders, vendors and business relationships.
Executive & Tenant Screening Proportionate checks supporting trusted appointments and property decisions.	**Record Checks** Relevant checks conducted through appropriate lawful channels.

ASSIGNMENT PRINCIPLE

Clear scope. Controlled evidence. Relevant findings. Professional reporting.

SURVEILLANCE, INTELLIGENCE & RISK

From Fragmented Information To Actionable Insight

Discreet observation and structured analysis that clarify exposure, priorities and next steps.

Corporate & Workplace Surveillance Targeted observation supporting legitimate corporate concerns and workplace incidents.	**Insurance & Asset Monitoring** Evidence-led surveillance relevant to claims, assets and identified movements.
Covert & Private-Matter Support Discreet operations planned to protect assignment integrity.	**Corporate Intelligence** Information development supporting strategic and operational decisions.
Espionage & Information Leaks Enquiries into suspected corporate espionage and unauthorised disclosure.	**Risk Assessments & Threat Mitigation** Evaluation of threats, vulnerabilities and exposure, with practical recommendations.

Reporting is designed to be useful: concise enough for decision-makers, detailed enough to support follow-up action, and handled according to agreed confidentiality controls.

ELECTRONIC SECURITY & SECURE MOBILITY

Connected Protection That Improves Visibility And Response

Technology and operational support configured as part of the wider security plan.

CCTV Installation and monitoring solutions for sites, facilities and assets.	**Remote Monitoring** Off-site surveillance support with event escalation arrangements.
Alarm Systems Detection and notification aligned to site requirements.	**Access Control** Controlled entry, movement and accountability.
Vehicle Tracking & Recovery Support Visibility and response-oriented support for mobile assets.	**Anti-Hijacking Solutions** Risk mitigation and response planning for vehicle-related threats.
Cargo Escort Protective escort for sensitive or high-value loads.	**Integrated Security** Coordination of systems, personnel and procedures for stronger coverage.

OUR APPROACH

Technology is most effective when it supports a clear operating procedure, trained people and defined escalation.

SECTORS WE SUPPORT

Built For Security-Sensitive Environments

Flexible capability for organisations and individuals operating across varied risk landscapes.

Mining Protection of people, sites, equipment, movements and high-value assets.	**Logistics** Cargo, transport, route and supply-chain related risk.
Financial Services Discretion, due diligence, executive and corporate risk support.	**Retail** Loss prevention support, investigations and site security.
Manufacturing Workplace, asset and operational protection.	**Professional Services** Executive, information and corporate risk.
Government & Institutions Professional support shaped around institutional requirements.	**Private Clients** Personal, residential, mobility and investigative needs.

Our model scales the team, controls and technology to the assignment while maintaining clear accountability and adapting to the operating environment.

DELIVERY APPROACH

A Clear Path From Risk To Action

A disciplined engagement model keeps objectives, responsibilities and outcomes aligned.

01 Understand Confirm the client objective, operating context, sensitivities and immediate concerns.	**02 Assess** Evaluate threats, vulnerabilities, exposure, constraints and available information.
03 Design Develop a proportionate plan covering people, procedures, technology and reporting.	**04 Mobilise** Assign suitable resources, confirm authority, brief the team and establish escalation.
05 Deliver Execute with discipline, discretion, supervision and client communication.	**06 Review** Report relevant outcomes, identify residual risk and recommend practical next actions.

ENGAGEMENT CONTROLS

Defined scope Clear deliverables and boundaries before work begins.	**Confidentiality** Controlled handling of sensitive information.
Communication Agreed contacts, reporting rhythm and escalation.	**Adaptation** Plans adjusted when the risk picture changes.

CLIENT-SPECIFIC PLANNING

Every assignment is built around the actual risk - not a standard package.

THE ORION ADVANTAGE

Why Clients Choose ORION Executive Security Solutions

A trusted partner when judgement, discretion and operational discipline matter.

Professional personnel Security professionals and experienced investigative capability.	**Complete confidentiality** Controlled information handling across sensitive assignments.
Responsive support Operational readiness designed for time-sensitive needs.	**Technology supported** Tools that strengthen visibility, awareness and evidence.
Tailored solutions Plans matched to the client, environment and actual risk.	**Nationwide capability** Services structured to support clients across South Africa.
